Play Sheets

On the Human - Sommerlund and the Northern Kingdoms Play Sheet, the "Firing" table has been taken erroneously from the Giak Play Sheet. The correct Human information is as follows:

FIRING	RANGE		TARGET'S ARMOUR			
Weapon	Short	Long	None	Cloth/ Leather	Mail	Plate
Longbow	2-10	11-20	22	19	17	15
Short Bow	2-9	10-18	19	16	14	12
Crossbow	2-10	11-22	24	22	18	16
Sling	2-8	9-16	10	8	6	4
Javelin	2-7	8-14	10	8	6	4

The Human "Combat" table gives a combat percentage of 816 for a Lance when used against no armour. This should be 16.

On both the Human and the Giak Play Sheets, the "Moral" entries on the back of the sheet are a typographical error. They should all be "Morale."

Rulebook

The "How To Fire" example on page 22 has an incorrect note that "As the Giak moved this game turn there is a Firing Modifier of - 2." Movement does not impact firing (and is not discussed doing so anywhere else in the game), and this note should be deleted, with the remaining math adjusted as appropriate.

The "How To Test Morale" instructions on page 31 have an incorrect note that "Giaks have a Basic Morale Value of $4 + 2D6$." The Giak Play Sheet gives a Basic Morale Value of $2D6 + 6$, and the latter value is to be used.
